FREEDOM BESIEGED – UNSHACKLING THE YOUTH OF GREECE

Freedom Besieged is a feature-length documentary concerning the economic and political climate of Greece and specifically how such has impacted the development and psychology of the nation's youth. Treading fearlessly into what has been called a "humanitarian catastrophe", the film explores the pursuits of Greek youth living within the country's crisis. Freedom Besieged is an intimate portrait of a young Greek generation who serve as the focal point for the future of European youth today.

In an effort to re-build a bridge of communication between Greek youth and the world around them, Freedom Besieged includes an unprecedented amount of engagement from respected intellectuals, politicians, and experts from within Greece and the international community.

Carrying an overall hope-based theme, Freedom Besieged tells the inspiring stories of various Greek youth and community leaders who, without violence, seek a prosperous future amidst the crisis.

Producer & Director of the film: **Panayiotis Yannitsos**

21.15 FILM SHOWCASE – **KONSTANTINOS KARAMANLIS HALL** **FREEDOM BESIEGED – UNSHACKLING THE YOUTH OF GREECE**

Freedom Besieged is a feature-length documentary concerning the economic and political climate of Greece and specifically how such has impacted the development and psychology of the nation's youth. Treading fearlessly into what has been called a "humanitarian catastrophe", the film explores the pursuits of Greek youth living within the country's crisis. Freedom Besieged is an intimate portrait of a young Greek generation who serve as the focal point for the future of European youth today.

In an effort to re-build a bridge of communication between Greek youth and the world around them, Freedom Besieged includes an unprecedented amount of engagement from respected intellectuals, politicians, and experts from within Greece and the international community.

Carrying an overall hope-based theme, Freedom Besieged tells the inspiring stories of various Greek youth and community leaders who, without violence, seek a prosperous future amidst the crisis.

CAN MULTILATERALISM SURVIVE? NEW GLOBAL GOVERNANCE RULES FOR A NEW WORLD

In the age of Trump and the ascendance of China, multilateralism is confronted with challenges of unprecedented magnitude not seen since World War II. The rules-based system which has provided the framework for globalization is being reshaped by tectonic changes in the patterns of interdependence and geopolitical changes. A major battle is being waged that ranges from trade to finance, climate, the internet and many other fields; its outcome will determine global prosperity, the preservation of global commons, and peace. This session will address the question of whether multilateralism can survive and assess the effectiveness of the new emerging global governance arrangements
